

# NSAT Exam Guidelines

## Joining Details & Device Restrictions

- Use a laptop/PC with webcam, screen-sharing, and microphone access.
- Dual-camera setup required:
  - Primary camera (webcam) facing your face
  - Secondary camera: desk, hands, and screen visible
- Mobile phones are allowed only as a secondary camera (not for taking the test). No other devices should be present around the candidate apart from the primary and secondary devices during the test.
- Calculators are prohibited; use pen and paper for rough work.
- Access the exam portal at <https://my.newtonschool.co/nsat/timeline>
- Accept the calendar invite sent to you on exam day as a reminder.
- Maintain a stable internet connection to prevent interruptions during NSAT.
- Position cameras properly:
  - Primary camera: face clearly visible
  - Secondary camera: desk, hands, and screen visible
- Ensure the secondary camera is placed steadily (not handheld)

## Test Rules

- Stay in full-screen mode throughout the test.
- Avoid switching tabs, opening new ones, leaving your seat or changing camera angle during the NSAT.
- Ensure your face is clearly visible within the camera frame at all times.
- Ensure your workspace (desk + hands) is clearly visible in the secondary camera
- Keep both cameras ON throughout the test
- Avoid having other people in the background (in either camera view)
- Speaking or having multiple voices detected may lead to disqualification.
- Do not block any camera or blur your face or workspace
- Do not wear face masks, caps, or hooded attire
- Mobile phones are only allowed as a secondary camera (not for test usage)
- Avoid using earphones, headphones, AirPods, or any audio devices.
- Refrain from using an extended screen or screen-recording the test.
- Do not select text in your questions or answers, as it may be flagged as suspicious

## Exam Protocol

- Arrive at least 15 minutes early (by 2:45 PM) for exam setup and proctoring checks.
- All the sections are mandatory and includes a sectional cutoff that determines passing eligibility
- The exam will be proctored. Unfair means will lead to permanent disqualification.
- Positive marking will be (+4) for correct answers, while negative marking (-1) is applicable for incorrect ones.

## Preparation

- Visit NSAT homepage to check compatibility before the exam.
- Use Google Chrome for optimal performance.
- Bring a pen and paper for rough work during the exam.
- Attempt a mock test to understand the exam pattern, for practice, and to confirm your PC compatibility.

## Prohibited Activities

- Using unauthorized devices (calculators, tablets, headphones /earphones, etc.) is strictly prohibited.
- Mobile phones are only allowed as a secondary camera device. Any other usage during the test is strictly prohibited.
- Cheating or any unfair means will result in disqualification.

## Environment Considerations

Sit in a quiet environment with no background noise to minimize distractions and avoid disqualification. Ensure the lighting in the room is appropriate for clear visibility and comfortable reading and writing.

## Pre-Exam Setup

Test the proctoring setup to confirm smooth functionality. Watch the tutorial for guidance

 <https://www.youtube.com/watch?v=XcGzfN2iwyk>

Ensure both cameras are working before the test:

- Primary camera (webcam) for face
- Secondary camera (mobile/external device) for workspace

Disable all plug-ins and browser extensions. If not done, it will be considered as cheating.

Turn off all notifications to avoid distractions.

Ensure your system allows webcam, microphone, and secondary camera access. Check this in advance.

## Technical Issues

- In case of power outages or system issues, resume the test from where you left off within the remaining time. For any concerns, use the chat option on the screen or WhatsApp us by clicking here <https://wa.me/+918147146756>
- Cheating has serious consequences. Ensure honest participation to maintain the integrity of the evaluation process. If you witness any malpractice, report it to [Admissions.nst@newtonschool.co](mailto:Admissions.nst@newtonschool.co)

## DOs

Ideal(Primary camera)

Ideal(Secondary camera)

# DON'Ts

1. Positioning the external camera incorrectly or sideways

2. Leaning out of the camera's view

3. Walking out of the camera's frame

4. Obstructing the camera with any object

5. Using a mobile device during the exam

6. Another person sitting in the same room is strictly prohibited

7. Setting the camera at an incorrect angle

8. Using earphones, which may result in disqualification

9. Laptop screen not visible in the camera frame

10. Candidate is partially or completely out of frame

11. Candidate's hands are not clearly visible

12. Camera angle does not capture the full workspace
